

Dear Potential 4-H Volunteer,

Thank you for your interest in volunteering with the Colorado 4-H Youth Development Program. We are pleased that you are considering joining the nearly 13,000 talented, dedicated, 4-H volunteers across the state that help youth reach their full potential.

There are five* required steps to becoming a Colorado 4-H volunteer:

1. Contact your [county office](#) to begin the process.
2. Complete the online application
3. Receive two positive references
4. Complete a 4-H orientation
5. Complete the background check

**Some counties may have additional requirements*

Step 1.

Click on the link to contact your county Extension office.

Step 2: Application

The application will be completed through 4HOnline, our state 4-H database. Your county staff will assist you in getting started.

Step 3: References

List and provide contact information for at least three people to serve as references. References will be contacted by phone or email and asked to respond to a short questionnaire. All responses will be kept confidential. At least two positive references are required. Our goal is to provide a safe environment that encourages positive youth development.

Step 4: Orientation

The 4-H Volunteer Orientation provides volunteers with an overview of the 4-H Youth Development Program. A four module orientation may be completed online at www.colorado4h.org. Click on "volunteer resources," and sign in using the password "volunteer." At the completion of each module you must enter your name and county in order for the completion to be verified. At the discretion of your county 4-H agent you may complete the orientation in a face-to-face meeting.

Step 5: Background Check

All volunteers are required to complete a background check as part of Colorado State University's risk management strategy to prevent child abuse and ensure the safety of all 4-H youth. The process also protects the volunteers, Extension staff and Colorado State University. Colorado State University conducts the background checks with the screening company, HireRight. CSU's Human Resources department has confidence in the security and confidentiality of the HireRight system. You will be notified via email when your name has been submitted for a background check. Within five days you will receive, and are required to respond to, an email from HireRight Customer Support. You will be directed to click on the secure link and provide the information for your background check to be completed. If you do not receive the email within five days, contact your county office immediately. **You may not begin as a 4-H volunteer until you have received written approval from your county 4-H agent.**

What's next?

After you have completed the four steps of the screening process, you will be notified by the county Extension office that your screening is complete. Your name will be activated in 4HOnline, our state database. Upon being accepted as a 4-H volunteer, you will meet with your county 4-H staff to discuss volunteer opportunities. Volunteers are the Heart of 4-H! Thank you for sharing your time and talent with Colorado youth. We look forward to you joining the 4-H team!
